Bina Nusantara Computer Club (BNCC) is a computer-based organization at Binus University. There are various products that BNCC has, which are IT Learning Course called Learning and Training, a software house called FAVE Solution, an online magazine called Filemagz, a lot of IT-related events, and also technology research.

These are some of my experiences while performing as an activist in BNCC :

1. Participating in PRAP Project as part of the Web Development Team
 2. Back-End Web Development at Technology Project Member
 3. Participating in Back-End Development LnT Training
 4. Participating in Web Design Training
- etc.
